"With the end of the year coming around I just want to thank you and your team for the service of helping us with our staffing needs. I want to point out that your customer service is great! I have worked with some agencies that bombard me with emails and your team does not, which I personally appreciate but they do email and remind me of pending resumes or feedback in a timely manner, so thank you again!"

-Belen HR Assistant

We want to hear from you! If Monarch has helped you find a job in your career field or has helped your company find quality personnel to grow your business, simply fill out the web form below. We will be updating the testimonials from time to time, so feel free to check back soon.
